7 PREVENTION STEPS

COVID-19 is a new disease and we are still learning how it spreads, but the WHO recommends:

1. Wash your hands with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.

2. Avoid social gatherings and unnecessary interactions with other people.

3. Avoid touching your eyes, nose, and mouth.

4. Stay home when you are sick.

5. Avoid close contact with people who are sick.

6. Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

7. Clean and disinfect frequently touched objects using a regular household cleaning spray or wipe.

FAIR DEBT COLLECTION PRACTICES ACT
FAIR DEBT COLLECTION PRACTICES ACT

The Fair Debt Collection Practices Act (FDCPA) is the main federal law that governs debt collection practices. The FDCPA prohibits debt collection companies from using abusive, unfair or deceptive practices to collect debts from you.

The FDCPA covers the collection of:

- Mortgages
- Credit cards
- Medical debts
- Other debts mainly for personal, family, or household purposes.

The FDCPA does not cover business debts. It also does not generally cover collection by the original creditor to whom you first became indebted.

Under the FDCPA, debt collectors include collection agencies, debt buyers, and lawyers who regularly collect debts as part of their business. There are also companies that buy past-due debts from creditors or other businesses and then try to collect them. These debt collectors are also usually called debt collection agencies, debt collection companies, or debt buyers.

RESTRICTIONS ON COMMUNICATIONS BY DEBT COLLECTORS WHEN COLLECTING A DEBT:

Time and Place:
Generally, debt collectors may not contact you at an unusual time or place, or at a time or place they know is inconvenient to you, and they are prohibited from contacting you before 8am or after 9pm. Also if a debt collector knows that you’re not allowed to receive the debt collector’s communications at work, then the debt collector is not allowed to contact you there.

Harassment: Debt collectors may not harass you or anyone else, over the phone or through any other form of contact.

Representation By Attorney: If a debt collector knows that an attorney is representing you about the debt, the debt collector generally must stop contacting you, and must contact the attorney instead. This is only true if the debt collector knows, or can easily find out, the name and contact information of your attorney. If an attorney is representing you and a debt collector calls, tell them which attorney is representing you and that the debt collector should contact the attorney, not you.
